

QUALITY POLICY

At Environmental Solutions (Asia) Pte Ltd, our Quality Policy specifies our commitment to achieve high standards of product quality, reliability and service to achieve our clients' expectations.

The implementation of our Total Quality Management System ensures a process of continual improvement and the update of skills and resources in our management and operating systems.

We take an integrated approach to the Quality Management System and recognise that quality is the responsibility of all employees. To ensure continual improvement, we adhere to the following:

1. To communicate our Quality Policy and procedures to employees and stakeholders
2. To treat all client enquiries as a priority
3. To provide products and services to meet clients' expectations

Quek Leng Chuang
Chief Executive Officer
