

ENVIRONMENTAL POLICY

At Environmental Solutions (Asia) Pte Ltd, we aim to promote and maintain a sound environmental culture, through the full cooperation of all working personnel.

We seek to provide total waste management solutions to our clients with uncompromising environment and health and safety standards, while maintaining providing economical and reliable services.

We acknowledge the need for environmental protection and remain committed to:

- Comply with applicable legal and other requirements
- Improve and develop work processes through periodic reviewing of feedback and past performances
- Increase employee awareness and work performances through continual education training and motivation
- Continue to advocate our environmental policy to internal employees and interested external parties

Quek Leng Chuang
